

RIDE GREATER ZION

There's something for every rider in Greater Zion, and we mean every rider. The most hardcore downhill competition in the world, the Red Bull Rampage, takes place here; and the longest single-day mountain bike race in the world, 25-Hours in Frog Hollow, also calls Greater Zion home.

But even those who can't pedal all day and night, or who squirm at the sight of huge booters, have plenty to get stoked about with endless miles of accessible trails to enjoy. And there are accommodations for every rider's preference too, whether you opt for dozing off under countless stars or slumbering beneath vaulted ceilings.

In Greater Zion, you'll experience a ripper's paradise with the perfect combination of incredible trails purpose-built for mountain biking, amazing weather, and a local community that lives to ride. Explore all 327 miles of our mountain biking trails.
